## **GOOD NEWS**

The members of their experience with firew. Michael Bereaan, conducting this tested remedy. Here is an example worth reading:

E. S. Bennett, carpenter, 455 Main Street, Norwich, says; "My back has froubled me, aching a good deal. My work required considerable stooping and lifting and this seemed to agravate the trouble. Pains caught me across my back. I saw Doan's Kidney Pills advertised and one box acted very guickly, relieved this trouble. I recommend them as I feel they will help others."

Dean's Kidney Fills — the same that Mr. Bennett had, Foster-Milburn Co.

people were not stretched out along some 2,000 miles of seasons. The ocean is the ordinary highway between different parts of the country.

# SUGGESTIONS FOR SATURDAY SHOPPERS

## Exquisite White Fabrics FOR SUMMER WEAR

Our First Showing Is Most Alluring

The daintiness and charm which attaches to every thread of these beautiful white fabrics stand for the greatest skill and highest artistry of manufacturers and designers, both foreign and domestic. From the filmy Lace Voiles, which, following the present mode, "half conceal and half reveal," to the heavy Satinfinish and Oxford Skirtings, our display affords you the best selection to be found in this part of Connecticut. Snow and ice cover the ground, but Spring is right around the corner, and these beautiful summery weaves are refreshingly prophetic of approaching warm weather. We would be mighty glad to show them to you.

THE exquisite Lace Voiles, with their fancy satin stripes and checks upon lacy background of sheerest voile, with delicate openwork will attract the attention of any woman who loves pretty clothing. Then there are the plainer Voiles of finest quality, some cross-barred, and ity, some cross-barred, and embroidered with dots-others simply embroidered - all of them as pretty as can be. The widths run from 36 to 40 inches and our prices from 85c to \$1.50 a yard.

A very fine yard-wide Mad-ras, with silky finish, at 85c a yard will command your attention, and with it is an unusually fine Picue of the sams width for \$1.00. These two are about the finest specimens of the two weaves that we have ever seen.

DOPLIN, too an old time favorite, is still a leader. We direct your attention to one particular quality at 59c a yard. It is 27 inches wide and a splendid value. The Irish Poplins with their superior lustre, are better of course, a fine 27-inch piece selling for 75c and a yard-wide weave at 98c.

SKIRTINGS WIII occupy a prominent place in the summer styles, as white will be greatly worn. At \$1.50 a yard we offer an unequalled assortment. There are the plain Gabardines and Oxfords, of correct skirting weight, a full yard wide, and silky in finish. The price is only \$1.50 a yard. The Novelty Skirtings afford a much more ample choice. Two of the most pleasing novelties we show are Gabardines, one wih a basket-weave check design, the other with a broad, barred satin stripe. These, too, sell for \$1.50 a yard.

S KIRTING Satin is a heavy cotton weave, with a satin finish which is inimitable. This Satin finish will withstand the attacks of the washer woman too. The width is 43 inches-the price

IMPORTED DOTTED SWISS.......27 Inches Wide \$1.50 and \$2.00 a Yard

# HOURIGAN BROS.

# Buy Furniture Now or Pay More Later

FURNITURE PRICES HAVE ADVANCED AND OTHER ADVANCES ARE CERTAIN THIS YEAR

Those Who Intend Buying Will Do Well to Seriously Consider the Advisability of Buying Now.

The Furniture prices are considerably lower than would be possible if we had not bought this furniture before several advances in the wholesale market. They are lower also by reason of the fact that we have never marked up our stock to correspond with advances in wholesale prices. We are satisfied with a smaller rate of profit than many dealers feel they must get.

Furniture today is scarce and hard to get. Anybody who tells you to the contrary is misrepresenting the situation. Even the biggest retailors in the country are so hard up for good furniture that they send their buyers to market several times a month to beg manufacturers to fill their orders. It will take a good many months before the trade can begin to catch up with the demand. Even when that time comes prices will rule high on account of high wages and scarcity of lumber. Certainly there will be no drop in furniture prices this year.
